

STATE OF ILLINOIS

ILLINOIS COMMERCE COMMISSION

TO: All Interested Parties

FROM: Jennifer Morris and Jim Zolnierrek, ICC Staff

SUBJECT: Notice of First ICC Equitable Energy Upgrade Program Workshop

DATE: May 18, 2022

Pursuant to the Illinois Commerce Commission's ("ICC" or "Commission") directive at the Commission's May 12, 2022 Regular Open Meeting and the requirements of Section 16-111.10 of the Illinois Public Utilities Act ("Act") (220 ILCS 5/16-111.10), Staff is convening workshops concerning the Equitable Energy Upgrade Program ("EEUP" or "Program") during which interested participants may discuss issues and submit comments related to the EEUP.

The Act requires the Commission to establish guidelines related to the EEUP and the Commission is to open an investigation into and direct all electric public utilities in the State to adopt an EEUP that permits customers to finance the construction of energy projects through an optional tariff payable directly through their utility bill, modeled after the Pay As You Save system, developed by the Energy Efficiency Institute. The Program model shall enable utilities to offer to make investments in energy projects to customer properties with low-cost capital and use an opt-in tariff to recover the costs. The Program shall be designed to provide customers with immediate financial savings if they choose to participate. For more details, please see 220 ILCS 5/16-111.10 and <https://www.icc.illinois.gov/informal-processes/Equitable-Energy-Upgrade-Plan>

The first ICC EEUP Workshop will be held virtually on **Tuesday, June 7, 2022 from 1 p.m. to 3 p.m.** WebEx details to participate in this first workshop can be found on page 2 of this workshop notice.

The ICC EEUP workshops will be open to all interested parties. If you are interested in being added to the ICC EEUP workshops distribution list, please send your e-mail address to Jennifer.Morris@illinois.gov and include "Illinois EEUP Workshop Series Invitation" in the subject line of your e-mail.
